RESPONSE CENTER PRESENTS

Tuned In Tune Back Time

THE LARRY DOBKIN EVENT | MARCH 18, 2018

Response Center, a Jewish Child & Family Services program, is a partner with the Jewish United Fund in serving our community. We embrace diversity. Our commitment to inclusivity is woven throughout our services, programs and welcoming workplace.

Join us for **Tuned In* Tune Back Time**, the 11th annual benefit for Response Center! We will flash back to the 1970s, when Response Center first opened, and take a groovy trip through the decades to see how Response Center has grown and changed. Proceeds support counseling, sexual health services, and prevention and leadership programs for 12,000 adolescents and their families every year.

This event honors the memory of our friend Larry Dobkin, a dedicated advocate and supporter of Response Center.

Our 2018 Honoree is **Bruce Scher**, a longtime ally of Response Center. For many years Bruce generously volunteered his time and energy to single-handedly produce and direct the teen talent showcase that launched Tuned In. Currently, Bruce is Academic Dean & Fine, Performing and Literary Arts Department Chair at Rochelle Zell Jewish High School. With more than 30 years of experience in education, Bruce has a true passion for helping students achieve their best.
