FACTS ABOUT NORTH SHORE AUXILIARY

Founded over 80 years ago, North Shore Auxiliary of Jewish Child & Family Services continues to support a comprehensive spectrum of services to troubled children and their families regardless of religion or background.

Through our dedicated group of volunteers, we are able to fund a wide range of JCFS programs including:

- * North Shore Auxiliary High School for teenagers with severe emotional, behavioral and learning problems.
- * Take-Five Respite Program providing a much needed weekend away for families with children with disabilities.
- * Psychotherapy and socialization groups for troubled children and their parents.
- * Outreach to local pre-schools.
- * Diagnostic and treatment services to preschool and elementary school children who are at risk for developmental delays.
- * Connections Program at Highland Park High School— a wellness-based support program.

Your participation in our Key Card Shopping Spree makes these programs possible. More than 90% of the funds raised by this event go directly to program support! We receive no revenues from purchases made at participating stores during Key Card week.

*Thank you for helping us to provide help and hope
for the children and families in our community.*
